

## Second-day Sitting of Seventh Congress of WPK Held

Pyongyang, May 7 (KCNA) -- The second-day sitting of the Seventh Congress of the Workers' Party of Korea (WPK) took place on Saturday.

Kim Jong Un, first secretary of the WPK, continued his report on the work of the Party Central Committee.

Speeches were made to implement the tasks set forth in the report on the work of the WPK Central Committee.

Kim Ki Nam, Ri Myong Su, Jo Yon Jun, Pak Pong Ju and other delegates of provincial party organizations in their speeches fully supported the report of Kim Jong Un.

They extended the noblest tribute to the great Comrade Kim Il Sung and Comrade Kim Jong Il, who founded and built the WPK, and the highest glory to Kim Jong Un who is ushering in a great heyday in strengthening the WPK.

They stressed that the report of Kim Jong Un serves as a proud review of the proud victory won by the WPK and the Korean people in the revolution and construction under the banner of great Kimilsungism-Kimjongilism in the period under review and as an encyclopedic political programme giving a perfect solution to all problems arising in strengthening the WPK, building a thriving socialist nation and accomplishing national reunification and the cause of global independence.

They emphasized that the report serves as an important programme that clearly indicates the way for stepping up the drive for modeling the entire party and the whole society on Kimilsungism-Kimjongilism by more thoroughly establishing the monolithic leadership system of the Party as required by the period of leap forward in the efforts to accomplish the revolutionary cause of Juche.

The WPK founded by President Kim Il Sung and guided by leader Kim Jong Il is now shedding its brighter rays as the Juche-type revolutionary party boundlessly loyal to the idea and cause of the leader, invincible integral whole which firmly established the monolithic ideological and leadership system and a genuine motherly party that takes care of the destiny of the people in a responsible manner under the uplifted banner of the popular masses-first principle as it is holding Kim Jong Un in high esteem, they said, adding:

In recent years, a series of great world-startling events have taken place in the DPRK and the spirit of great leap forward and innovations of Songun Korea has been strikingly demonstrated despite the vicious moves of the U.S. imperialists and other hostile forces to isolate and stifle the DPRK. This is a shining fruition of the efforts all Party members and other people have made to fully embody the indomitable offensive revolutionary idea of the Party and the spirit of the self-development-first principle.

They reiterated their will to absolutely trust and follow Kim Jong Un only, remaining single-mindedly united around him in any storm and stress, and to thoroughly carry out the tasks set forth by the congress, regarding it as their invariable faith to remain faithful to the Party and the leader.

The congress goes on.
